for Transit Workforce Development**

Transit Workforce Data Dashboard: Harnessing the Power of Data for Transit Workforce Development

February 28, 2024

Webinar Agenda

- Polls
- Introductory Remarks
- Transit Workforce Data Dashboard Overview
 - Data Sources
 - Dashboard Demonstration
 - Agency Explorer Demonstration
- Q&A
- Evaluation, Sharing Data Needs, and Wrap-up

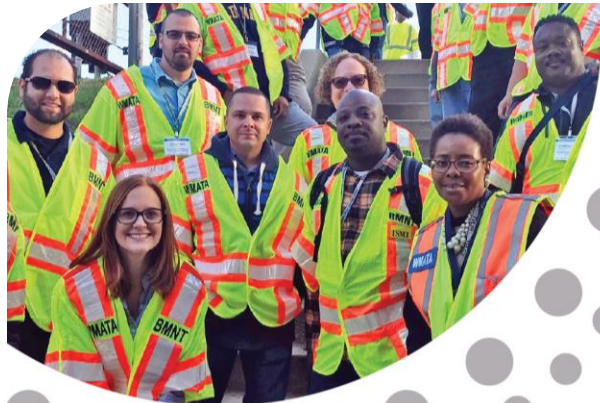

Introductory Polls

Transit Workforce Center – Mission

Operated by the International Transportation Learning Center (ITLC), the Transit Workforce Center (TWC) is FTA's first ever national technical assistance center for transit workforce development.

mission

The **TRANSIT WORKFORCE CENTER** is the Federal Transit Administration's first ever national technical assistance center for transit workforce development. Its mission is to help urban, suburban, tribal, and rural public transportation entities recruit, hire, train, and retain the diverse workforce needed now and in the future.

Transit Workforce Center Manager

Transit Workforce Data Dashboard

- The dashboard presents industry-relevant data on transportation occupations and transit workforce trends: transitworkforce.org/data-dashboard/
- Based on TWC analysis of Bureau of Labor Statistics (BLS) and National Transit Database (NTD) data

Data Source Strengths and Limitations

- **BLS**
 - Strengths: Nationally representative/comprehensive; demographics; projections; openings/separations; training requirements; educational attainment
 - Limitations: Cannot extract all data for occupations *within* industries
- **NTD**
 - Strengths: Transit-specific; modal information; agency-specific data; full-time/part-time employee data
 - Limitations: Employment data for full-reporters/directly operated only; aggregated employment categories
